

Installation Directions

Screensaver

1. Run 'The Water Club Screensaver.exe'
2. Click 'continue' to begin the installation process
3. When the installation is complete click close 'finish'
4. To set 'The Water Club Screensaver' as your screensaver and to change screensaver settings follow the directions below:

Windows 7

1. Right click on an empty space on the desktop and click on **Personalize**. (see screenshot below)

2. Click on the **Screen Saver** link at the bottom of the window. (see screenshot below)

NOTE: Under **Screen Saver** is the name of the screen saver in gray used in your current theme.

3. Close the **Personalization** window. (see screenshot above)

4. Under **Screen saver**, click on the drop down menu and select a listed screen saver that you would like to use in your current theme and click on the **Apply** button. (see screenshots below)

NOTE: To create your own screen saver, select **Photo** and click on the **Settings** button to browse to the image you want to use as the screen saver.

Windows XP

To change your screen saver

1. Right-click your desktop, and then click **Properties**.
2. In the **Display Properties** dialog box, click the **Screen Saver** tab.
3. Click the **Screen saver** drop-down box, and then click a screen saver.
4. Click the **Preview** button to see how the screen saver will appear on your monitor.
5. Move your mouse or press a key to return to the **Display Properties** dialog box. To try a different screen saver, return to step 3.
6. Click the **Settings** button to change the standard behavior of the screen saver you selected. (Each screen saver has its own settings dialog box.) Then, click **OK**.

7. In the **Wait** box, type the number of minutes the computer should wait to start the screen saver after you last touched the keyboard or mouse.
8. If you are the only person who uses your computer and you are not concerned about security, clear the **On resume, display Welcome screen** check box. Otherwise, leave this check box selected.
9. Click **OK**.

Windows Vista

To change a screen saver

1. Open Screen Saver Settings by clicking the **Start** button , clicking **Control Panel**, clicking **Appearance and Personalization**, clicking **Personalization**, and then clicking **Screen Saver**.
2. Under **Screen saver**, in the drop-down list, click the screen saver you want to use.
3. Click **Preview** to see what your chosen screen saver will look like.
4. Click **OK**.
